

Thank you for your interest in the New Mexico Technology Council, your investment will help support the continued growth of New Mexico's technology industry and the creation of a collaborative, connected community!

Given all our great talent, facilities and organizations, some wonder why there isn't more visible activity in our local tech scenes – Tech Council members are working together to change that. We offer numerous opportunities and benefits for our members to get plugged in:

- **Talent:** A broad network of technology companies, workforce development partners and individuals ready to connect.
- **Professional Development.:** Monthly peer-to-peer networking and professional development through topic focused groups such as, Cybersecurity, Big Data, 3D Printing, Women in Technology, IoT and more.
- **Policy:** We provide a collective and stronger voice on the policies, programs and initiatives that are crucial to fostering a prosperous tech industry.
- **STEM Education:** Our members are committed to supporting future generations of tech pioneers and ensuring longevity for New Mexico's tech ecosystem.

Our annual membership investment is determined by number of employees to reflect the various kinds of professionals, organizations and businesses working in and with technology. Every employee of your company or organization will be recognized as a valued member of NMTC.

Membership and Investor Prices	
Number of Employees	Annual Fee
1-10	\$250
11-20	\$500
21-50	\$750
51-100	\$1,000
101-250	\$1,500
