

# 2024 MEMBERSHIP OVERVIEW

---

## Join the most **influential** network in New Mexico

The New Mexico Tech Council (NMTC) is a dynamic and forward-thinking organization at the forefront of fostering technological advancement and innovation in the Land of Enchantment. Established with the vision of propelling New Mexico into a brighter future, NMTC catalyzes collaboration, education, and networking among businesses, entrepreneurs, researchers, and tech enthusiasts.

By facilitating the exchange of knowledge and ideas, NMTC strives to create an environment that nurtures the development of tech-driven solutions to advance the local economy.

Our membership comprises a diverse mix of organizations, including start-ups, enterprise-level, private, educational, governmental, tech, and tech-adjacent companies. Membership is open to any organization interested in advancing our local tech industry.

## Testimonials

At NMTC, our organization's most valuable asset and strength is our members. Discover what other members have to say about their experience with NMTC and our Programming:

*"Having been a member of New Mexico Tech Council under two separate companies, I see great value in this organization. I was initially drawn to NMTC because of their conscientious involvement in New Mexico technology centered companies. Since then, I have found so many reasons to adore this group. The peer groups, networking opportunities, and collaborative spirit and shared knowledge between members is a rarity. I highly recommend membership in NMTC."*
